NPPA Member Testimonials

"Wow! As a long-time member and conference attendee, NPPA has been very helpful to me and my job position, even from the start. They have been a great resource for product information as well as networking with other pharmacy buyers. After my first NPPA Conference, I felt much better knowing I was not alone in my quest to manage product shortages and backorders. I have even been able to keep in contact with some of the other buyer-attendees I meet at the event. We talk about how we handle issues that come up on the job, and try to help solve each other's problem. In addition, the NPPA member-publication *Pharmacy Purchasing Outlook*, is informative and discusses topics that pertain to buyers. "

Jeffrey Brown, CPhT, Pharmacy Buyer
Carolinas Hospital System-Marion, Mullins, SC

"The NPPA Conference provides so very much for us buyers. Each year I come home with my head swimming from all the changes I can see making for our Pharmacy."

Bobbi Holthaus, CPhT, Pharmacy Buyer
Wilson Memorial Hospital, Sidney, OH

No national pharmacy organization we know of fully recognizes the crucial importance of pharmacy purchasing. However, NPPA asserts that pharmacy purchasing is the most important specialty in Pharmacy. We invite you to join your fellow buyer colleagues in NPPA, and help us participate in the progress of this important field.

"Pharmacy purchasing is a profession that has for too long been ignored. We are out to change that."

Dale J. Kroll, Founder, President & CEO of NPPA

Comments From Past Attendees

- "We need to get most or all, of our Buyers to attend NPPA's worthwhile Conference." (By David Billing, MS, R.Ph., Pharmacy Director of DePaul Medical Center in Bridgeton, MO, part of the SSM Healthcare system.)
- "I have really learned and benefited a lot from the NPPA Conference educational sessions. In addition, I discover a lot just from being around other pharmacy buyers in attendance there, hearing how they handle situations that come up in their facility. It is such a joy to be around people in the same work environment and level."
- "I do not even know where to start! Attending the NPPA Conference has truly made me a much better pharmacy buyer. I have learned how to save money, look at things in a different way to improve our work flow, how to generate more revenue for us, and how to put it all in use on a daily basis—I have even found ways to charge for items we just wrote off in the past! This conference provides so very much for us buyers, that I come home with my head swimming with all the changes I can see us making; and truly feel that my attendance there is the single most significant thing that helps our pharmacy department improve."
- "I have greatly appreciated the updates and new information that I receive in NPPA's educational sessions. It seems that I always come back with good suggestions, ideas, and programs that I was able to share with our pharmacy director and technicians. This conference helps to expand my experience on the job and better educate myself, so I can improve and better my pharmacy department and hospital as a whole."
